

THIS CONFIGURATION  
INCLUDES:

FLIP7 PRO PACKAGE

DOUBLE HANDLE TRAY

JOBY GORILLAPOD TRIPOD

## WIDE & MACRO ON THE SAME DIVE

Be prepared for whatever swims your way! Setting up your GoPro camera with FLIP filters and accessories as shown in our recommended configuration for both wide angle and macro shooting will insure you never miss a shooting opportunity! In addition to our FLIP Filter System, we recommend the Flip Filters Double Handle & Tray mounted on top of a Joby Gorillapod, Flex Arms, and Sola 2500 Video Lights run in "spot" mode to help light up your macro footage.
